### Certificate of Sponsorship

Dear Sir,

This is to certify that below mentioned final year Mechanical Engineering students from your institute have been offered a sponsorship for their final year engineering project named "Development of Low Cost & Indigenous Water Ionizer Machine to provide water with different PH values". Students were involved in the project during period from September 2021 to May 2022. During this tenure student were exposed to the advance technology, project execution, product designing and supply chain. We hope the overall experience gained by the students could benefit them and both the organizations.

List of Students:

- 1. Akash Shinde
- 2. Simran Joslal
- 3. Shubham Badgujar
- 4. Prathamesh Mahale

We wish them all the best for their future endeavour.

Ms. Vaishanvi Nehe

Pune, Maharashtra.

### Subject: Internship Completion Letter

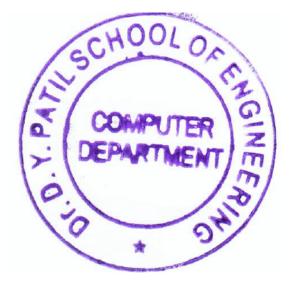

This is to certify that Ms. Vaishanvi Nehe has completed a Five-month internship with Minimasters Web & IT Solutions, from 20<sup>th</sup> May 2021 till 20<sup>th</sup> Oct 2021.

She worked under the direct supervision of the Development Manager and got the opportunity to work on a project. Along with her other duties, she was responsible for managing the timelines of the project she was working on. Her manager is pleased with her timely highlighting and managing of any delays, which could have affected the project completions.

She is a fast learner, and she learned our operations system and organizational culture quickly. With her eagerness to learn, she developed various skills while working with us. Her team working skills and friendly nature made her a part of our organization even during the first week. She outdid the expected performance, and we are happy to have the opportunity for training such an enthusiastic candidate. We hope to hire her once she completes her education so that we can utilize her potential to the fullest for the benefit of our organization. ## ACKNOWLEDGEMENT

Success is epitome of hard work, cogency for fulfilling the mission, indefatigable perseverance and most of all encouraging guidance and Steering.

I would like to express my sincere thanks to Construction Expert Training Institute for providing an opportunity to complete my internship program successfully, which is a part of SPPU course curriculum. This internship training would not have been successfully completed without the guidance and support of Mayur Jadhav (Director) and Tushar Pawar (CEO)

I also express my profound thank and gratitude towards Internship Coordinator, Respected Prof. Uzma Shaikh (Asst. Professor, Department Of Civil Engineering) for their valuable guidance. Also, that the spared their valuable time from the busy academic and administrative schedule for the expert suggestions. A sincere note of thanks to them for motivating me through out.

I expressed my sincere thanks to Prof. Lt. Col. S. M. Karodpati(Retd.), (Head, Civil Engg.Dept.) & my teachers for their encouragement and support to complete this Internship Training, I much obliged towards all my friends and most important my family for their immense support. Last but not least I am very much thankful to Principal Dr. F. B. Sayyad and the college for cooperation and support in the entire course.

# INDUSTRIAL VISIT TO SUGAR FACTORY

# B.E 6<sup>th</sup> APRIL 2022

The Department of Civil Engineering DYPSOE, organized an industrial site visit to study Air pollution equipment and control. It was organized with the prior permission and guidance of Honourable Principal Dr. F.B. Sayyad and HOD Civil Lt. Col. Sanjay Karodpati. Hard efforts were taken by our Professor Sheetal Marawar.

LOCATION: Shri Sant Tukaram Sahakari Sakhar Karkhana, Kasarsai- Darumbrej, Pune

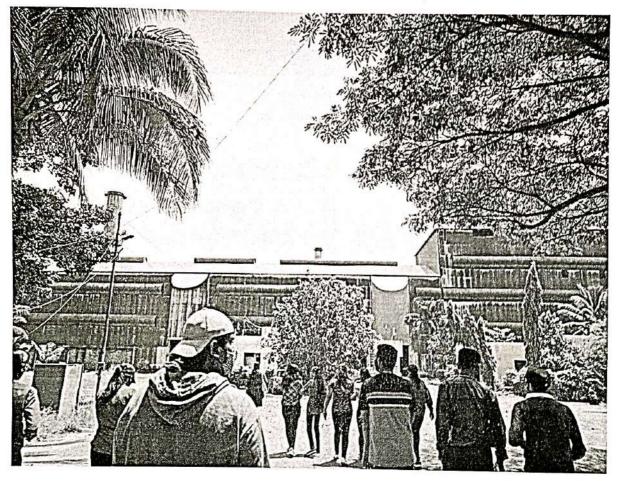

DATE: 06/04/2022

**ATTENDANCE: 40 Students** 

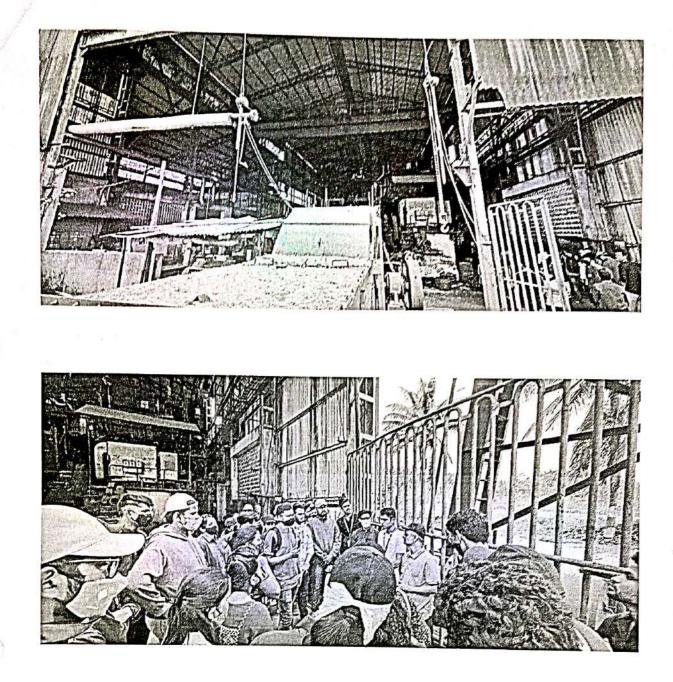

# **INTRODUCTION:**

B.E Students of DYPSOE were taken to sugar factory to learn more about the different types of air pollution control equipment used in the industry.

Mohan Kalokhe Sir, explained us the whole process that goes into the production of sugar. He further went along and pointed out the main source of air pollution of sugarcane industry, "Bagasse" which surprising is also used as a fuel at the industry.

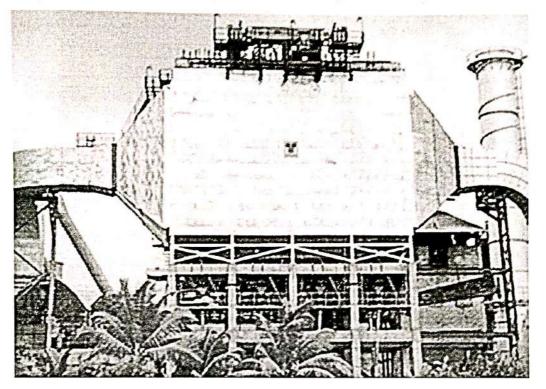

Mostly the bagasse used is to power the boilers, but this process causes the emission of sulphur dioxide, carbon monoxide and nitrogen oxide. Beyond this, juice fermentation units and evaporators are other emission sources that cause air pollution.

# **AIR POLLUTION EQUIPMENT:**

At the sugar factory, we observed the equipment responsible for air pollution control i.e Electrostatic precipitator. The model present at the factory was of Thermax APC Business.

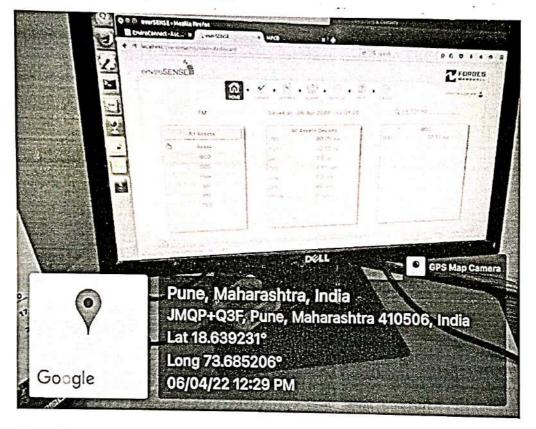

# 6

### **Product Features**

- Continuous operation with minimal maintenance requirement
- Fully automatic DSP based controller with power optimisation
- On-line maintenance
- Double spiked discharge electrodes
- · Strong rolled profile of collecting electrodes

- Rapping system; Top rapping (Thermax Impulse Gravity Impact – TIGI) system; Tumbling hammer type design
- High efficiency and reliability
- Lower operating cost

Students had a very insightful experience and learned about the working of air pollution control devices, production of sugar, waste generated and their treatment. Workers at the industry were helpful and guided us with the whole expedition.

### Subject: -Expression of Gratitude

Respected Sir,

We sincerely wish to thank you for readily accepting our request to visit the site and delivering a demonstration of Air Pollution Control Devices for students of the Department of Civil Engineering, Dr. D. Y. Patil School of Engineering Lohegaon, pune on 06th April 2022.

Your demonstration of Air Pollution Control Devices was well received and they were highly benefited with your experienced knowledge based inputs.

We are indeed, deeply indebted to you for sparing your valuable time for this event and look forward to the same favorable support in future.

Thank you once again.
