Lohegaon, Pune

Subject: Approval for PG (ME) course fee reduction 50%.

Respected Sir,

Fee Regulating Authority, Maharashtra has approved a fee of Rs. 102000/- for our PG (ME) courses academic for Year 2019-20. Since for past two years there is no demand for PG courses. To attract the students to pursue PG courses we need to reduce our fees to 50% i.e. from Rs.102000/- to Rs. 55000/- only

I request you to kindly approve the same.

Event Report

Academic Year: 2020-21

Semester-I

Name of the event: Life skill workshop: "Yoga: Meditation for stress free living: Virtual Meet

Date and Time	3 rd April 2021 , 9.00 a.m. to 11.00 a.m.
Event Venue	Virtual Meet via MS team app
Organized by	Department of Engineering Sciences (F.E.) – Dr. Shobha Rupanar
Targeted Audience	Newly admitted students of First Year Engineering of Batch 2020-21
Resource Person	Mr. Pratish Mulay, Founder of Pratish yoga training school,Pune

Details of the event:

Department of Engineering Sciences (FE) in association with FESA have organized Life skill workshop: "Yoga: Meditation for stress free living

Guest Speaker: Mr. Pratish Mulay, Founder of Pratish yoga training school,Pune

Audience: FE students (Division A to D)

Date & Day: 03/04/2021, Saturday

Time: 9.00 am to 11:00 am

Platform: MS team (Online)

1. Event objective:

The present-day lifestyle among students' calls for the need for yoga and meditation in order to achieve the overall development of a student. As these two play an important role, they should be inculcated in the student curriculum. Meditation and yoga have direct contribution to improve mental focus and concentration among students.

2. Event Content:

The event notice is circulated to students with prior instructions one day before. The first session is started sharp at 9:00 am. Mr. Pratish explained aspects of yoga for enhancing the immunity and the roles played by the eight limbs of yoga like Yama, Niyama, Asana, Pranayama and Pratyahara in life. He also gave detailed information about different meditation techniques and hast mudras (Hand Postures) used at the time of yoga. He explained the importance of Music and yoga for mind. Mind is the major part, which controls the entire body. So mind should be tuned properly. For tuning the mind, music and yoga are the important factors that will help to develop sound health. He also taught some important yoga exercise. She highlighted the roles played by Dhyana, Dharana and Samadhi that help musicians to attain perfection in their performance. In second session, Mr. Pratish demonstrated the different asana and pranayama useful for students in their academic life. The student participants made a demonstration of the Asanas learnt by them in the workshop. The event is concluded with vote of thanks by Dr. Shobha Rupanar.

Psycho - Neural Counseling for Career Success

Webinar Report

Name of the Event: A webinar on “Psycho-Neural Counseling for Career Success”

Students Involved: SE to BE students from DYPSOE and DYPSOET

Date: 12/10/2020, Monday

Venue: Microsoft Teams Live event

Report:

A webinar was arranged for the engagement of students towards developing their intellectual in knowing their own self in a more deeper level and utilize their self-power towards progressing towards gaining a better future from a career perspective.

The speaker for this event was Dr. Satya Mandal (M.S, Ph.D) – Psychologist, PEMF Therapist, Mind Therapist, Neuro Therapist, CBT & NLP Expert.

Over 298 students attended the webinar live and the video has been posted on YouTube - <https://www.youtube.com/watch?v=bdExotK9ePs>

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker.

Dr. Satya Mandal gave the students detailed information about various mental health issues faced by students all over and provided them solutions to overcome their fears, and plan for a better career path.

The students provided feedback through the google form link provided to them, and certificates were given to the participants of the webinar.

The webinar was moderated and organized by Prof. Pooja Shinde under the guidance of the HOD Dr. Pankaj Agarkar.

Event Report

Academic Year: 2020-21 Semester-I Date: 20/09/2020

Name of the Event: A WEBINAR ON “CAREER OPPORTUNITIES IN MECHANICAL ENGINEERING”

Date and Time	20 th September 2020 11:00-12:15 PM
Event Venue	WEBINAR
Organized by	Mechanical Engineering Department
Targeted Audience	All Over India Aspiring Engineering Students

EVENT CONTENTS:

Department of Mechanical Engineering of DYPSOE and Mechanical Engineering Student Association arranged a webinar for all aspiring engineering students i.e., All 12th science and diploma pass out students.

The focus of the webinar was to highlight the opportunities in the mechanical field of engineering. To deliver the webinar we had **Dr. H. G. Phakatkar** (Director Gateway Institute Pune, Ph.D., M.E., B.E. Mechanical engineer from COEP Pune) and **Dr. Smita Thorat** (Global Career counselor UCLA certified, Ph.D ,M.Sc.).

DETAILS:-

To begin with Kaustubh Dhawale greeted everyone to the webinar and welcomed all the guests. The portal was then handed to Dr. H. G. Phakatkar. He initiated by enlisting the different aspects of the degree course required by any student for successful completion of mechanical engineering. He carefully oriented the students to study for ‘Outcome based education’, which means not studying just to score, but to thrive in that field, a student should objectify the outcome of the subject. Along with OBE he also instilled the importance of value addition, a student should try to gain skills related to the field, should get certification of those skills which are relevant to the industry. A student should also work on his aptitude

skills like, logical reasoning, quantitative aptitude and English communication. In this half he covered what a student should do during his 4 years of course to open doors to numerous opportunities after degree. And in the later half he enlisted the different options a student has, whether be it higher education, or be it jobs in public as well private sectors. He listed all the higher education exams and options available to a student and what all one has to do in 4 years to get that. Further he illustrated all the job options a mechanical engineer can land after degree.

The second half of the webinar was taken by Dr. Smita Thorat, she also shared her experience as a career counsellor. She elaborated on what all the companies look for in a candidate when they look for a mechanical engineer. She also laid out simple algorithm a student should follow while learning anything, which was to start with "WH", question everything in what, why, when etc., using this method clarifies any concept and makes it easy to remember. She debunked all the myths concerning career options available after mechanical engineering. Later she also highlighted all the higher education options abroad, and ways to get there.

It was an extremely elaborate and important session for any aspiring candidate. The speakers were very motivating and helpful. Total 53 students and 5 parents attended this online session. The session was coordinated by Prof. V. M Ghule (MESA faculty Advisor) under the guidance of Prof. R N Garad (HoD Mechanical Engineering) and Dr.F B Sayyad (Dean Academic)

PHOTOS OF EVENT ARE ATTACHED HERE:

The slide is titled "Why outcome-based education?" and features the Gateway Institute logo. It contains a diagram showing a shift in education from "Transmission of Expert Knowledge" to "Education as building learner competencies including learning to learn & Life Long Learning". Below the diagram, it states "That means focus will have to be on ----" and lists two bullet points: "Understanding fundamentals very well, and learning new skills/competencies that would enable individuals to cope with the demands of the rapidly changing workplace." and "Prepare global engineers who will have to solve problems and shoulder challenges which are not even known today!". The name "Haribhau Phakatkar" is visible at the bottom left of the slide.

The slide is titled "Top Government Companies (PSU) For Mechanical Engineering Freshers" and features the Gateway Institute logo. It contains a table with the following data:

Sr.No.	Company	Remarks
1	BHEL (Bharat Heavy Electricals Limited)	BHEL is India's largest engineering and manufacturing company of its kind engaged in the design, engineering, manufacture, construction, testing, commissioning. Mechanical engineering freshers can apply here by passing in GATE Exam.
2	HPCL (Hindustan Petroleum)	One of the Fortune 500 companies luckily offers entry-level jobs to mechanical engineers. You can get through this one with

A Report on a two days workshop on future opportunities in industry as design engineer

Date: - 29th May 2021

Date and Time	27 & 28 th May 2021 & 05:00 pm to 06.00 pm
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	102
Resource Person	Mr. Khangendra sarode and Mr.Pavan Mali KCAD Solution Pune

Details of the event:

A Workshop on “future opportunities in industry as design engineer” was organized on 27 & 28th May 2021 for all SE, TE & BE students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The first day1 topic what is design and software used for design was delivered by Mr. Khangendra sarode KCAD Solution Pune

Sir has 7 year experience in the field of design In day1, the speaker discussed first about basics of Design and software used in industry for design, etc. Later he moved on to the basics of catia software and how to draw 2D diagram, 3D diagram and how to assemble the components.

The day2 topic plastic design was delivered by Mr. Pavan Mali speaker also discussed various software of design and started with plastic design processes and sir also discussed the processes of plastic moldings processes such as injection moldings processes, etc.

At later end of workshop, audiences were shown different case studies done by guest himself through his carrier told students as to how to approach the problem, how to design the components.

In industry basically which software mostly used for design speaker discussed with students.

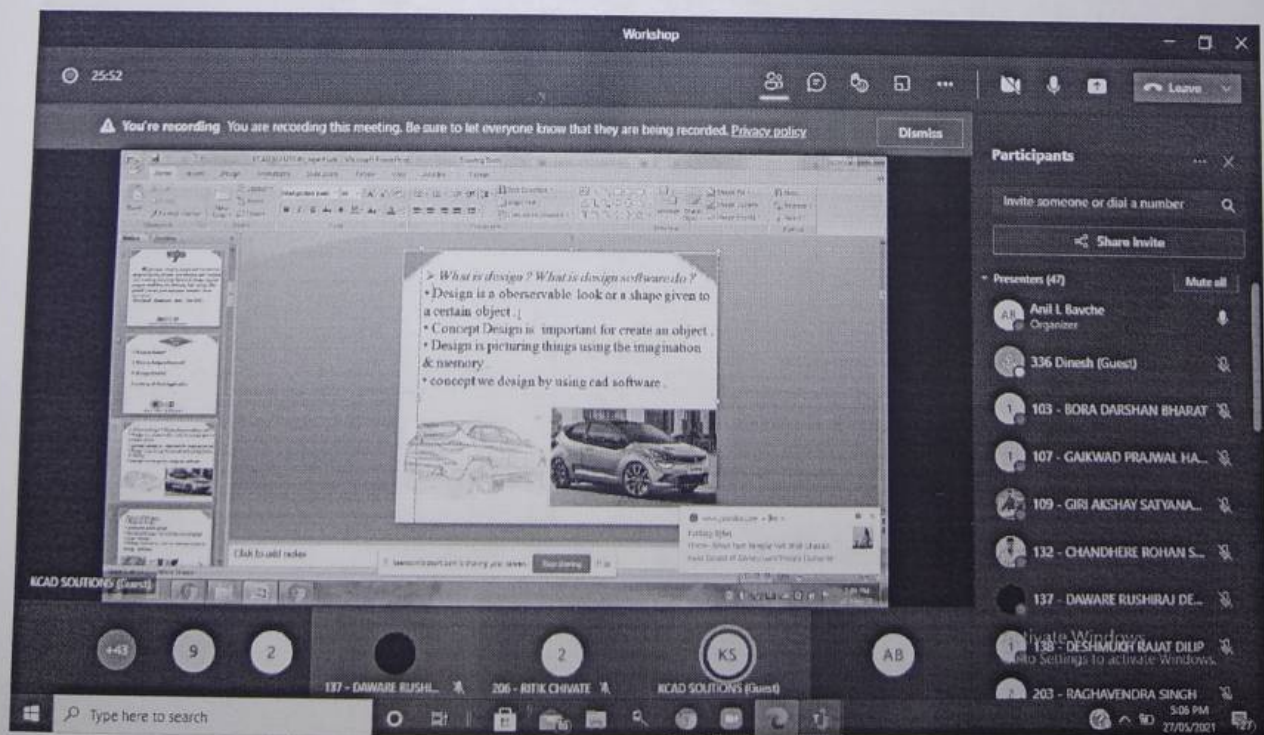

In question & answer session, students were keen to ask their doubts with regards to Design.

Event Report

Academic Year: 2020-21

Semester-I

1. Name of the event: Seminar on "Application of Strength of Materials in Automotive Sector"

Date and Time	15 th April 2021 & 12:00 pm to 02.00 pm
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	76 (S.E. Students)
Resource Person	Mr. Vishal Bhat

2. Event Contents:

1. Introduction to Modern technology in Automotive Sector
2. Why use it
3. Conceptualization
4. Marketing
5. Advantages and Application

3.1 Details of the event:

A Workshop on "Application of Strength of Materials in Automotive Sector" is organized on 15th April 2021 for Second Year students of Department of Mechanical Engineering, Dr D Y Patil School of Engineering, Lohegaon, Pune. The presentation will be conducted by Mr. Vishal Bhat, presently associated with John Deere Ltd., Pune. His valuable suggestions and guidance is useful for students to achieve their correct objective in future.

3.2 Introduction to Modern technology in Automotive Sector

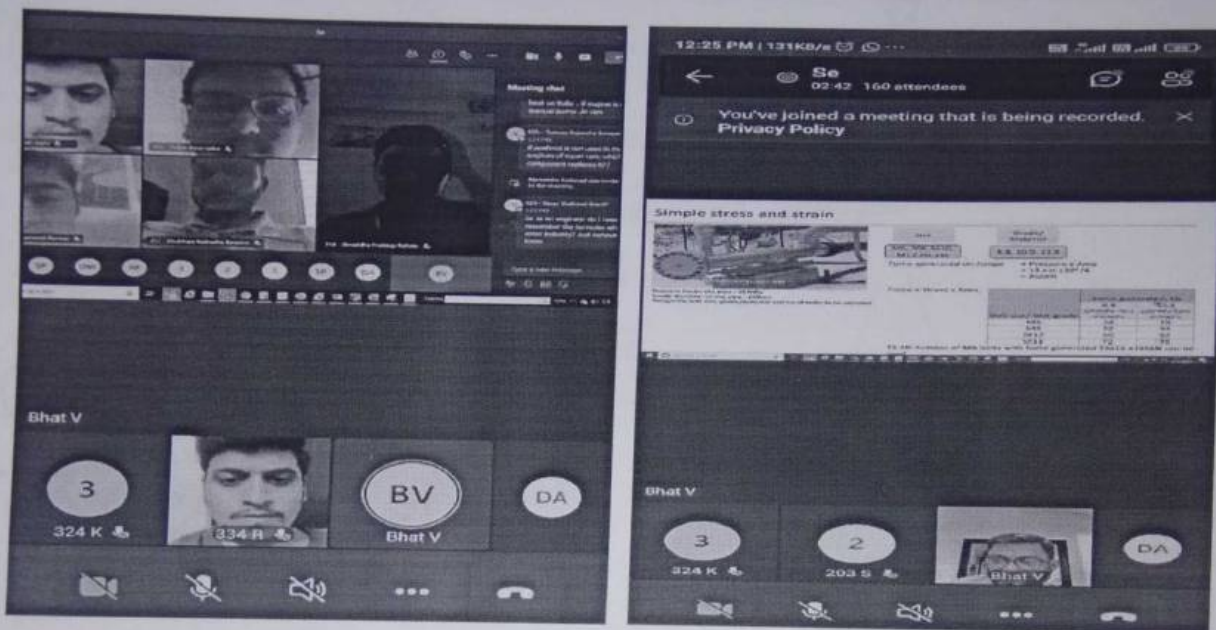

In modern trend of increasing more power and torque demand from smaller vehicle, many engine manufacturers are moving towards developing new concepts in engine design. The requirement not only includes low weight and high strength material, bit also modern

design techniques and manufacturing methodology. The seminar includes all the modern trend and concepts used in new generation engine design.

Applications

- Reduce Development Costs
 - Cut traditional prototyping and tooling costs.
 - Identify design errors earlier.
 - Reduce travel to production facilities.

Event Photos: Seminar on “Application of Strength of Materials in Automotive Sector”

We are extremely thankful to **Hon. Principal Dr. Ashok Kasnale** of D.Y. Patil, SoE, Lohegaon, Pune. We would like to specially thank to our **HoD Prof. R. N.Garad**; all staff & student coordinators' for providing a full-fledged support in all aspects during the entire expert lecture.

We thankful to **Dr F B Sayyad (Dean Acad.)**, and **Mr. Moreshwer Kundap (Staff)**, has supported and guided us to make this lecture successful.

Admission Webinar Report

Name of the Event: A webinar on "Opportunities in B.E. Computer Engineering and B.E. Artificial Intelligence and Data Science"

Students Involved: Class 12 pass out students and Diploma pass out students

Date: 19/09/2020, Saturday

Venue: YouTube Live via Google Meet

Report:

A webinar was arranged for the publicity of the departments of Computer Engineering and Artificial Intelligence and Data Science as per the instructions of the higher authorities to engage the Class 12 pass-out and Diploma pass-out students in the admission process. The following speakers were invited to deliver the webinar -

1. Dr. Kumar Rahul, Senior Data Scientist (Amazon Development Center, Hyderabad and Ph.D, IIT Jodhpur)
2. Mr. Yogesh Murumkar, Director and Corporate Trainer (Bharat Soft Solutions)
3. Mr. Yadnesh Zagade, CEO and Founder (Tech Cryptors)

Over 105 students attended the webinar live and the video has been posted on YouTube at Prof. Pooja Shinde welcomed the audience and gave a brief introduction about DYP SOE along with the promotional video of the college.

Dr. Kumar Rahul gave the students a detailed information about the emerging field of AI and DS with wonderful real life examples.

Mr. Yogesh Murumkar gave the students information about the Computer Engineering branch and told them the importance of a Computer Engineer while emphasizing on the various wonderful facilities in DYP SOE.

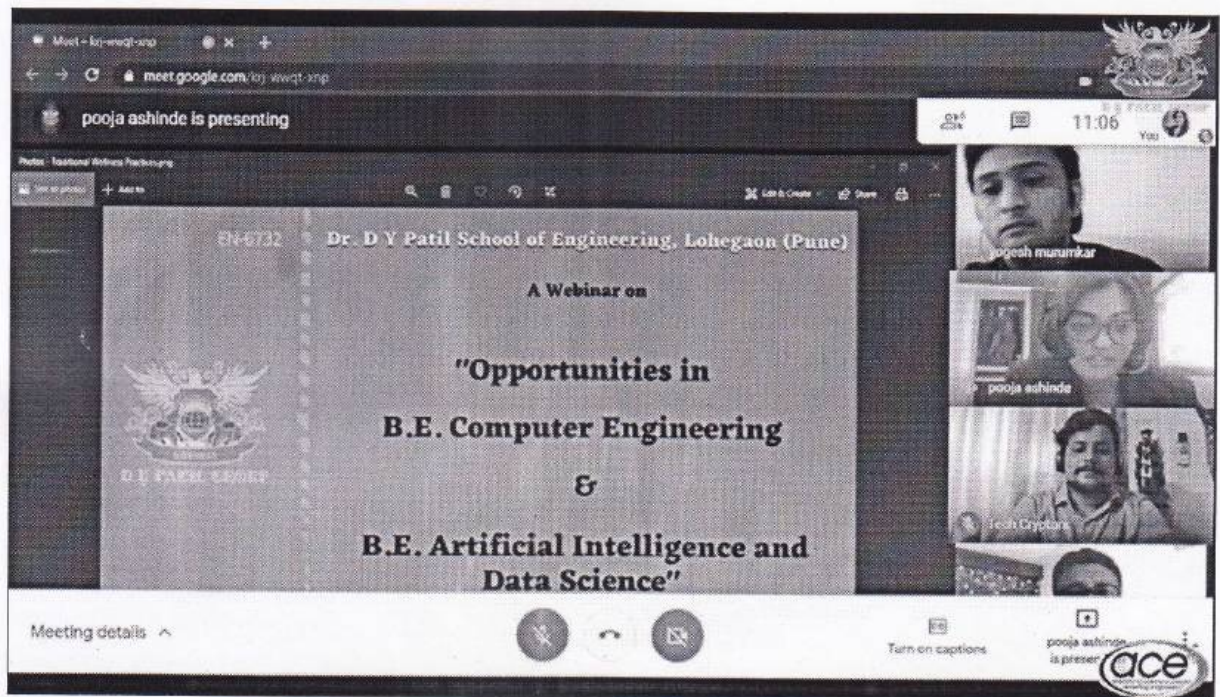

Mr. Yadnesh Zagade focused on the AI and DS field of studies while explaining the future scope of the branch and explained about the job scenario in the upcoming years.

Dr. Pankaj Agarkar proposed the vote of thanks and information regarding MHT-CET exams as well as college placements was given to the students.

The students asked various doubts through the google form link provided to them, and the doubts were cleared by the speakers wonderfully.

The webinar was moderated by Prof. Pooja Shinde and was arranged by Prof. Pooja Shinde and Prof. Jayashree Choudhari under the guidance of the HOD Dr. Pankaj Agarkar.

“Challenges and Opportunities in Data Science and Machine Learning Industry”- Webinar Report

Name of the Event: A webinar on “Challenges and Opportunities in Data Science and Machine Learning Industry”

Students Involved: SE to BE students from DYPSOE and DYPSOET

Date: 07/11/2020, Saturday

Venue: Microsoft Teams meeting

Report:

A webinar was arranged for the engagement of students towards developing their interest in the field of Data Science and Machine Learning.

The speaker for this event was Mr. Karthik Jannu (Creator – The Art of Data Science, Currently at Amazon).

Over 200 students attended the webinar and the video has been posted on YouTube - <https://youtu.be/jnIahwKIMhI>

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker.

Mr. Karthik Jannu gave the students detailed information about –

- a. What is Data Science/Machine Learning?
- b. Where do we apply them?
- c. What are the challenges in this industry?
- d. What is the future?
- e. How do I get started?
- f. Q&A

The students provided feedback through the google form link provided to them by the speaker. The feedback was very positive.

The webinar was moderated and organized by Prof. Pooja Shinde under the guidance of the HOD Dr. Pankaj Agarkar.

A Report of Webinar on Industrial Application of Ferrous Metallurgy

Date: - 13th May 2021

Date and Time	13 th May 2021 & 10:00 am to 12.00 Noon
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	104
Resource Person	Prof. Amit Shinde

Details of the event:

A webinar on “**Industrial Applications of Ferrous Metallurgy**” was organized on 13th May 2021 for all SE & ME students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The webinar was delivered by Prof. (Retd.) Shekhar Jeurkar.

Sir has vast experience in the field of Metallurgy and now is looking after his own consultancy. In webinar, the speaker discussed first about basics of Metallurgy, structure-property correlation, etc. Later he moved on to core topics on Ferrous Metallurgy like Iron-Iron Carbide diagram, TTT diagrams and its relevance, Heat treatment processes. Finally he linked the application part of it with real life examples in our day to day activities.

The speaker also discussed various dimensions of steels and cast iron. Applications of Steel & Cast Iron were discussed in greater details. Speaker stressed on the increasing use of cast iron as an engineering material, particularly White cast iron.

At later end of webinar, audiences were shown different case studies done by guest himself through his consultancy and told students as to how to approach the problem, selection of various engineering materials for different applications and identification of engineering materials through spark test.

The various types of posts filled by these examinations, its eligibility criteria, structure and syllabus of examination were discussed in detail by speaker.

In question & answer session, students were keen to ask their doubts with regards to Ferrous Metallurgy.

Event Photos:

Meeting now

Role of Metallurgy in Mechanical Engineering

- In documentation – Standards and Specifications
- In Design – Selection of Materials, Modification in properties by Heat treatments
- In Manufacturing- To check ability of given material to suit Manufacturing process
- In Quality Assurance- Destructive and Non destructive testing
- In repairs and maintenance- Assembly, welding, Finishing, plating and coatings, heat and surface treatments
- In failure analysis

Online Guest Lecture

on

"Learning AutoCAST-X: Design and Simulation of Casting Process"

By

DR. VASUDEV D.SHINDE

[B.E. (Metallurgy), M.Tech. (Metallurgy), PhD : - Mech. Engg.]

From IIT, BOMBAY

Professor - Mechanical Engg. at DKTE Society's Textile & Engg. Institute, Kolhapur.

Date:- 13th October 2021 [Wednesday]

Time:- 2:30 to 4:30 PM

Mode of Conduction :- Google Meet

Dr. Dileep More
Event Co-ordinator

Prof. Rohit Garad
HOD-Mech Engg

Dr. F. B. Sayyad
Principal

A Guest Lecture
On
"Learning AutoCAST-X: Design and Simulation of Casting
Process"

Speaker- Dr. Vasudev Shinde

(Professor – Mechanical Engg. Department, at DKTE Society's Textile and Engineering
Institute, Kolhapur)

Time:- 02.30 to 4.00 pm

Date:- 13 Oct. 2021

Google Meet Link:-

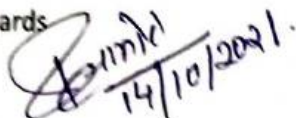

<https://teams.microsoft.com/l/meetup-join/19%3a51ba05bcbb54439b9f0033da4f143c7a%40thread.tacv2/1634115362292?context=%7b%22Tid%22%3a%2213817675-036e-4ca3-ba1c-d69032c5d0a0%22%2c%22Oid%22%3a%227052d4b3-18ba-4f0e-b211-cfbb555e6837%22%7d>

Dr. V. D. Shinde is well know metallurgist in Industry and Academics. The purpose of the guest lecture was Learning of **AutoCAST-X** in Designing and Simulation of Casting Processes. The session addressed following

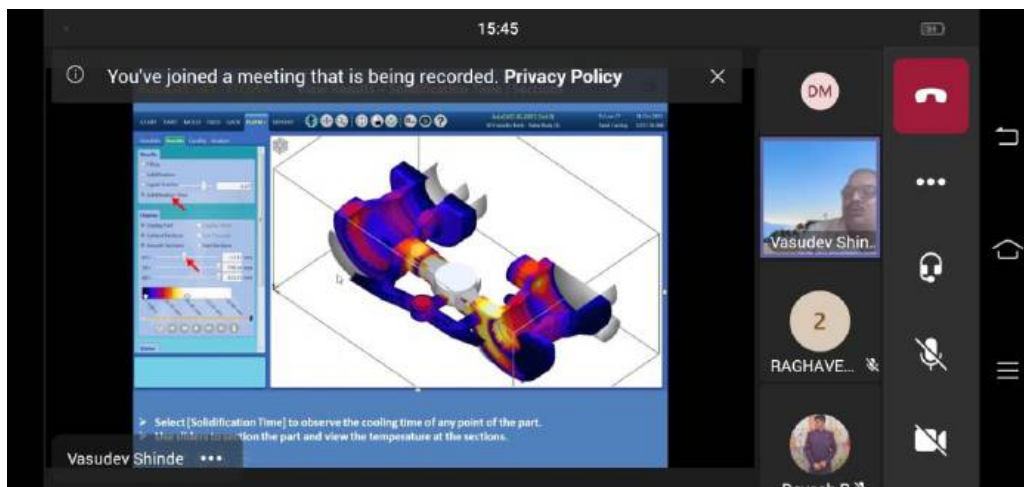

1. Introduction about the casting
2. Casting Process
3. Designing of the cast in AutiCAST-X
4. Simulation and Optimization of Casting Process including mound development

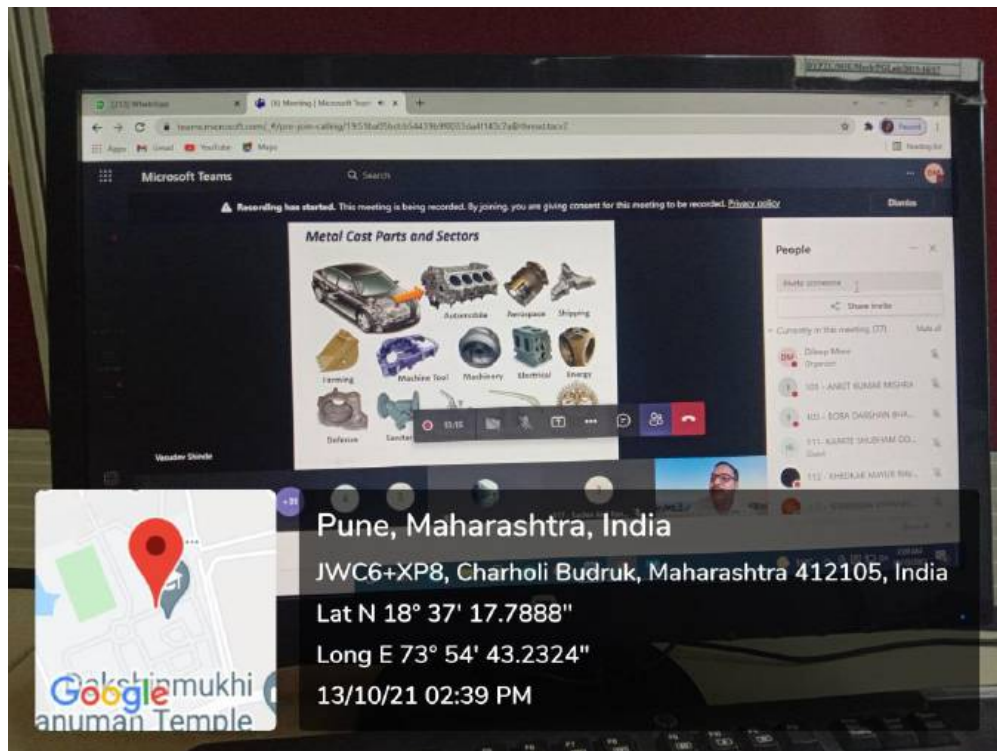

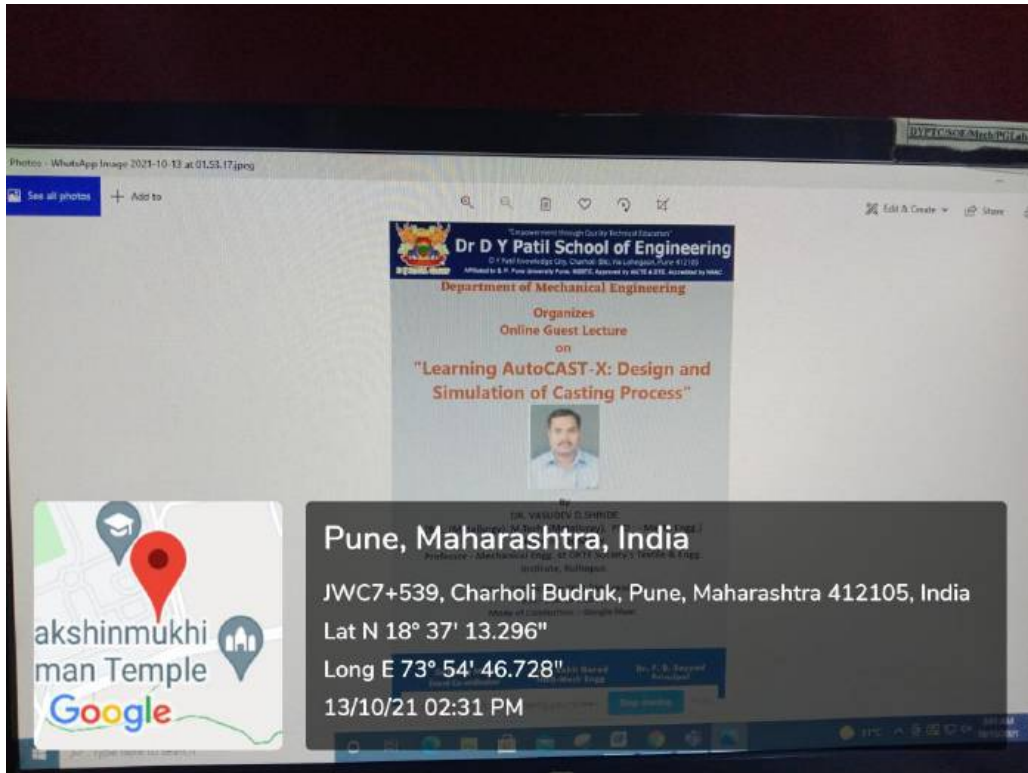

Overall the lecture was very good as students have not seen any software which can design and simulate casting processes.

Regards

14/10/2021.

Subject: - Permission to organize a guest lecture online on **13** Oct. 2021

Respected sir,

With reference to the above subject, I am pleased to inform you that Mechanical Engineering Department would like to organize a guest lecture online through google meet on 13th Oct. 2021 (Wednesday) at 2.30 to 4.30 pm on "**Learning AutoCAST-X: Design and Simulation of Casting Process**". The guest speaker is **Dr. Vasudev Shinde** (Professor – Mechanical Engg. Department, at DKTE Society's Textile and Engineering Institute, Kolhapur).

I seek your kind permission to organize the same.

With thanks and kind regards

Dr. Dileep More,

ACE Event Report

Name of the Event: Webinar on "Machine Learning Using Python"

Date: 29/10/2020

Time: 2.15.PM to 03.15 PM

Mode: Microsoft Team

Students: Students from TE Computer Engineering

Report:

Computer Department organized a Webinar on "Machine Learning Using Python" for one hour from 2.15.PM to 03.15 PM for TE Students (103) of Computer Engineering. The lecture was headed by Mr. Deepak Garg who is working in ATS Microsoft.

The session started with Mr. Deepak Garg explaining basics of Artificial Intelligence (AI), Machine Learning (ML) and Data Science (DS) are the pillars of the fourth industrial revolution. ML is an application of AI which allows computers to automatically learn from data without being explicitly programmed. Python has been designed with the provision for creating Machine Learning algorithms. Python is preferred as the best and robust platform for Machine Learning systems. Python also has numerous libraries for machine learning, data manipulation and analysis as well as a very active development community that continuously updates and creates new packages. It has been adopted by a wide variety of industries and applications including Data Science, Machine Learning, Data Analytics, Predictive Analytics, Business Intelligence and Web Analytics. This workshop aims to explore Python Programming right from installation, fundamentals to Machine Learning algorithms.

The Webinar covered the basic algorithm that helps us to build and apply prediction functions with an emphasis on practical applications.

The session was followed by student questions where they inquired more Machine Learning (ML) Using Python and its scope.

“Hands on Python Workshop with Applications and Cloud Deployment”

Workshop Report

Name of the Event: A Five Days Workshop on “Hands on Python Workshop with Applications and Cloud Deployment”

Students Involved: SE and TE students of Computer Engineering Department from DYPSOE.

Date: From 23rd of February 2021, Tuesday to 27th February 2021, Saturday.

Venue: Zoom meeting.

Report:

The workshop was arranged for the engagement of students towards developing their interest in the field of Python programming languages.

The speaker for this event was **Mr. Yogesh Murukar of BharatSoft Solutions, Director, Kothrud, Pune, Maharashtra.**

Total 62 students attended the workshop and the video has been posted on YouTube-

Day 1 - <https://www.youtube.com/watch?v=8AngQav4J0o>

Day 2 - <https://www.youtube.com/watch?v=zDjV4YuicZI>

Day 3 - <https://www.youtube.com/watch?v=F5Qv1E1cn3g>

Day 4 - <https://www.youtube.com/watch?v=mRMdHdIVqWo>

Day 5- <https://www.youtube.com/watch?v=GjU0qvEL9s4>

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker. Prof. Yogesh Mali gave a brief about the five days' workshop and necessary guidelines that followed during the workshop.

The detailed day wise topic taught by Mr. Yogesh Murukar to our students as follows –

Sr. No.	Day	Topics
1	Day 1	<ul style="list-style-type: none"> • Data types <ul style="list-style-type: none"> ▪ Numbers ▪ Strings ▪ Printing ▪ Lists ▪ Dictionaries ▪ Booleans ▪ Tuples ▪ Sets • Comparison Operators • if, elif, else Statements • for Loops • while Loops • range() • list comprehension • functions • lambda expressions • map and filter • methods
2	Day 2	<p>Hands on Applications in Python</p> <ul style="list-style-type: none"> • Create an interactive Dictionary using JSON Data • Creating a Jarvis voice assistant to give commands to a computer • Create Web maps using python and folium for JSON data • Create GUI using Tkinter in python • Develop games like snake game, color game, password generator, whats app smiley etc • Weather forecasting using python to read HTML data • Develop a DRS system in python for cricket match
3	Day 3	<p>Data Visualization and Statistic (EDA)</p> <ul style="list-style-type: none"> • Numpy • Pandas • Matplotlib • Seaborn • Pyttsx3 • Scikit-learn
4	Day 4	<ul style="list-style-type: none"> • Data Visualization and Statistic use cases • REST API: Flask Introduction • Python Project: Creating a web application for extracting and analysing the data for Flipkart e-commerce website

5	Day 5	<ul style="list-style-type: none">• Introduction: Machine Learning, Deep Learning, Data Science, Artificial Intelligence• Linear Regression: Concept and Implementation• Logistic Regression: Concept and Implementation• Machine Learning Project: Creating a prediction Model using Machine Learning Algorithms and Techniques• Deployment of Machine Learning Model on Cloud Platform in real time
---	-------	---

The students provided feedback through the Google form link provided to them by the Prof. Vishal Borate. The feedback was very positive.

The guest lecture was organized under Entrepreneurship Development Cell (EDC) and Association of Computer Engineering (ACE) under the guidance of the HOD Dr. Pankaj Agarkar.

The guest lecture was moderated by Prof. Vishal Borate (EDC Coordinator), Prof. Pooja Shinde (ACE Coordinator) and Prof. Yogesh Mali (T&P Coordinator).

Professional Course
On
"CNC Programming"**

Speaker- Mr. Ravindra Pillay

CNC Technology Trainer

Time:- 2.00 to 4.00 pm

Date:- 14 Sept. to 29 Sept. 2021

Google Meet Link:-

Shri. Ravindra Pillay (ex FANUC & ex VOLTAS MachineTools), Extensively trained in Germany, Switzerland & Japan on Various sophisticated CNC machines and control systems.

Since 1980, he has been installing and commissioning various European machines and training the industry throughout the country. Started his career as Service Engineer at Voltas, then at Fanuc as Manager Application. And then he has been the Country Manager for SESCOI India - a CAD-CAM software company, Regional Director of Zenith machine tool. He also started green field company in Bangalore.

At CNC Tech, since 2000, he has been training school dropouts to BE, MTech & PhD, an fresher to highly experienced engineers, College professors to Entrepreneurs. He trains students on CNC Programming, Operation and Job Setting on FANUC, Siemens and Heidenhain. He personally TRAINS individual non-technical students to stand on their own feet and experienced engineers to independently handle CNC Turning, VMC / HMC machines.

The outcomes of 15 days professional course are as below:-

Participants will know;

1. Fundamentals of CNC machines. All terms and nomenclatures of CNC control system
2. CNC machine & its structure, configuration & Application.
3. Will confidently be able to write SAFE and Perfect CNC programs
4. Cutting technology - Cutting Speed, Spindle Speed, Cutting Feed & Depth-of-Cut.
5. Will be able to do Job setting, Tool offsets, Wear offset, etc.
6. After CNC Turning, all the above for VMC / HMC too could be done.

He has covered all the theoretical and practical part of CNC Programming as per syllabus with an industry orientation.

Subject: TE- Workshop on Professional Training in CNC programming

To: <soemechanicaldypsoe@gmail.com>

I've invited you to fill out a form:

[Workshop on Professional Training in CNC programming](#)

Dear Students

You know this time SPPU has mentioned a new subject (in fact the some syllabus is from Manufacturing Process-II) entitled "Machining Science &Technology".

In the theory, they mentioned one unit as "CNC Programming" and the content is as below.

CNC Programming-CNC part programming adaptable to suitable controller. Steps in developing CNC part program. CNC part programming for Lathe Machine – Threading & Grooving cycle (Canned cycle). CNC part programming for Milling Machine - Linear & circular interpolation, milling cutter, tool length compensation & cutter radius compensation. Pocketing, contouring & drilling, subroutine and Do loop using canned cycle.

They have also mentioned a new Term Work practical entitled "Digital Manufacturing Laboratory" in which there are a few practicals related to CNC as below.

Practical 1 - Preparing manual CNC part program using G Codes and M Codes as per ISO (DIN 66025) and RS274 standards for CNC lathe/mill machine.

Practical 2 - Machining of mechanical component using CNC machine (Lathe/Mill/HMC/VMC).
Manufacturing drawing with appropriate geometrical and dimensional tolerances, detailed process planning to be included.

Practical 3 - Study on CNC retrofitting and reconditioning

In order to cover the above content, we plan to conduct a 10 hrs. Workshop (2 hrs. every day from 1.00 to 3.00 or 2.00 to 4.00. We will let you know tomorrow the exact schedule) in collaboration with CNC Tech, Pune a well know institute in Pune, for CNC and VMC programming. They have conducted many workshops at Bharat Forge, SECO tools and many more industries.

In fact, it will be a basic training in the field of CNC which would cover syllabus & also beneficial for future career. The last session would be on the career opportunities in CNC Programming.

This workshop is a paid workshop. Usually they charge in Lacks for corporate training but we requested to take minimum amount and they have accepted Rs. 200/- Per student. After discussing with Principal, our institute is ready to pay 100/- per students (50% of the fees per student). So each student has to pay only 100/- (One of the students needs to collect the amount and handover to CNC tech at the end of the program).

One more benefit is that CNC tech would give a certificate of the same which would strengthen your CV and you can join the advanced level CNC programming courses of CNC Tech at the subsidized rates.

Please fill the attached google sheet and let us know your opinion. All our efforts are for your knowledge enhancement and skill upgradation.

Event Report

Academic Year: 2020-21

Semester-II

Name of the event: Seminar on Development of Soft skills

Date and Time	01/05/2021 11.00 to 12.00 pm
Event Venue	Dr D Y Patil School of Engineering
Organized by	Mechanical Department
Targeted Audience	30
Resource Person	Mr. Neel Jadhav (Electromech Pvt. Ltd. and Alumni of Mechanical Dept, DYPSOE)

Event Contents:

1. What is difference between CV, Resume, and Bio-data
2. How to handle Interviews
3. How to take part in Group Discussion
4. How to write CV effectively

Details of the event:

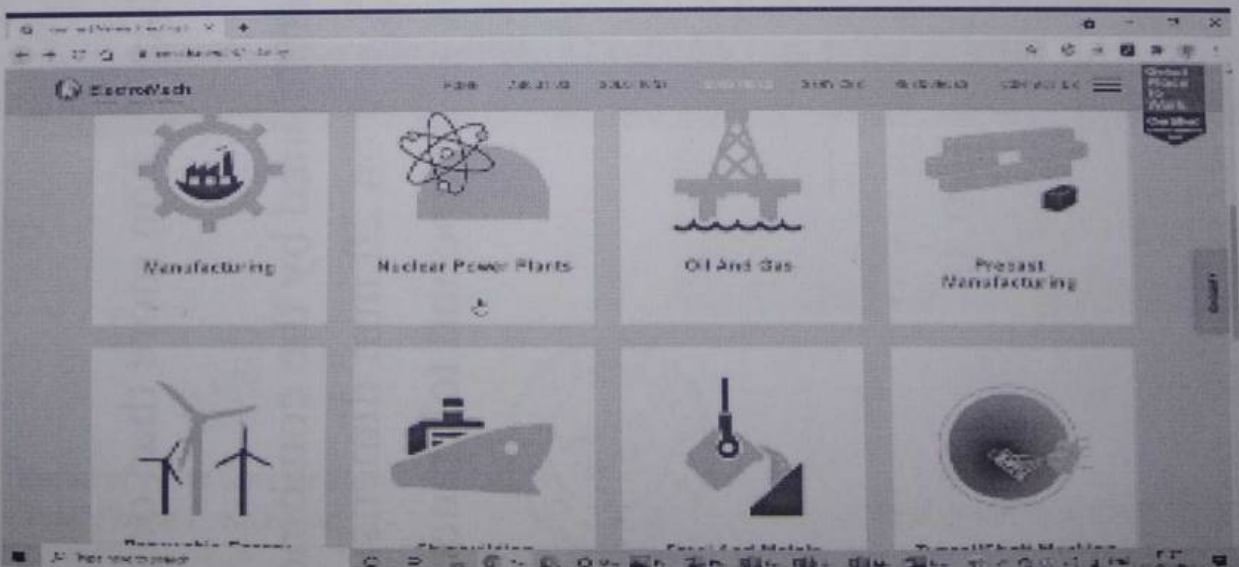

The department of Mechanical Engineering had organized seminar on "**Development of Soft skills**" for the benefit of pre-final year students of D Y Patil School of Engineering. Mr Neel Jadhav Engineer from Electromech Pvt. Ltd and alumni of DYPSOE was the resource persons for this training program.

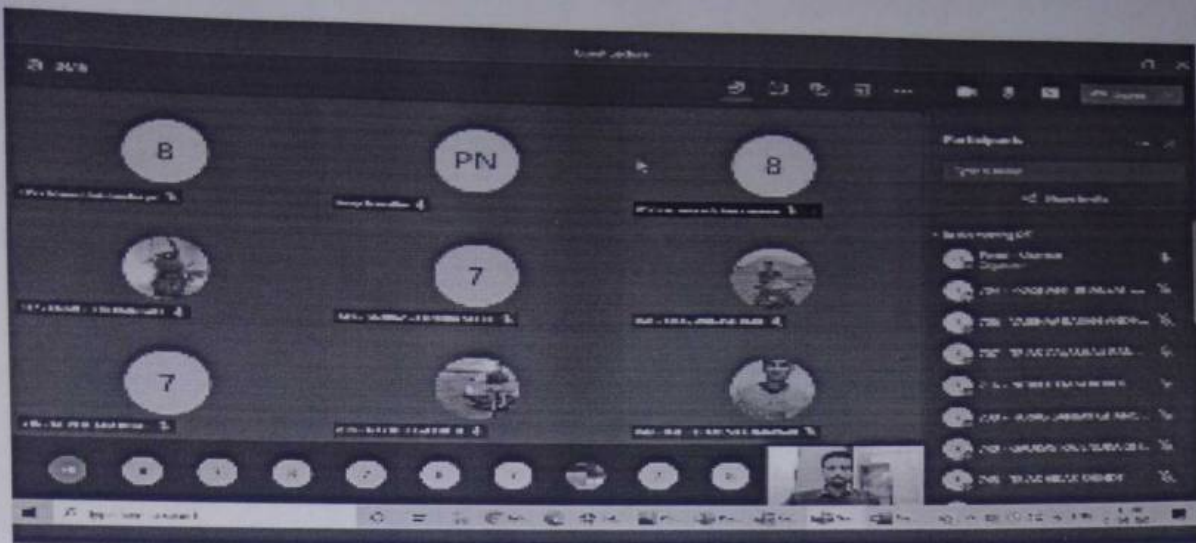

During the formal inaugural session, Prof. Paresh Khairnar, Coordinator of Alumni welcomed the gathering and also introduced resource persons to the students.

First session of training began with identifying the differences between CV, resume and bio data. In the training program, the students were taught about some good etiquette to be followed while attending interviews. Tips and guidelines for attending HR interview were also dealt in detail. A mock HR round interview was also shown. Few frequently asked questions and the effective answers for those questions were discussed.

In the second session, he gave tips to write attractive CV also advised what the things to be written in CV. He also focused on what is group discussion, how to take part in group discussion, Dos and Don'ts in group discussion. After giving these tips students were made to take part in group discussions under the guidance of resource person. At the end of the day program concluded with feedback from students and vote of thanks by Coordinator.

A Report of Guest Lecture on MPSC Examinations

Date: - 30th April 2021

Date and Time	30 th April 2021 & 11:00 am to 12.00 Noon
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	70
Resource Person	Prof. Amit Shinde

Details of the event:

A guest lecture on “**Overview of MPSC Examinations**” was organized on 30th April 2021 for all TE & BE students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The presentation was conducted by Prof. Amit Shinde, Assistant Professor, Mechanical Engineering department, DYPSoE.

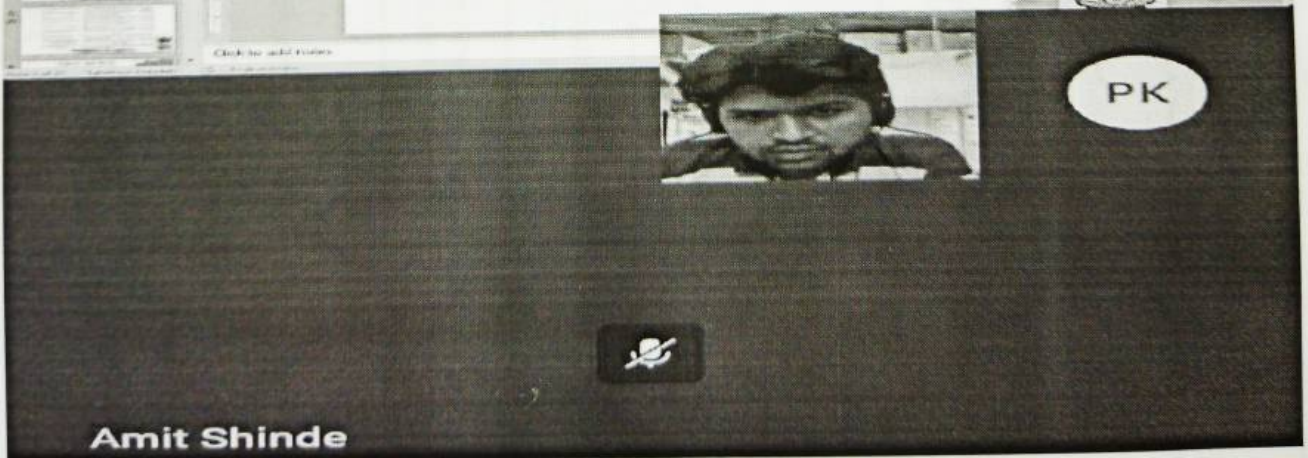

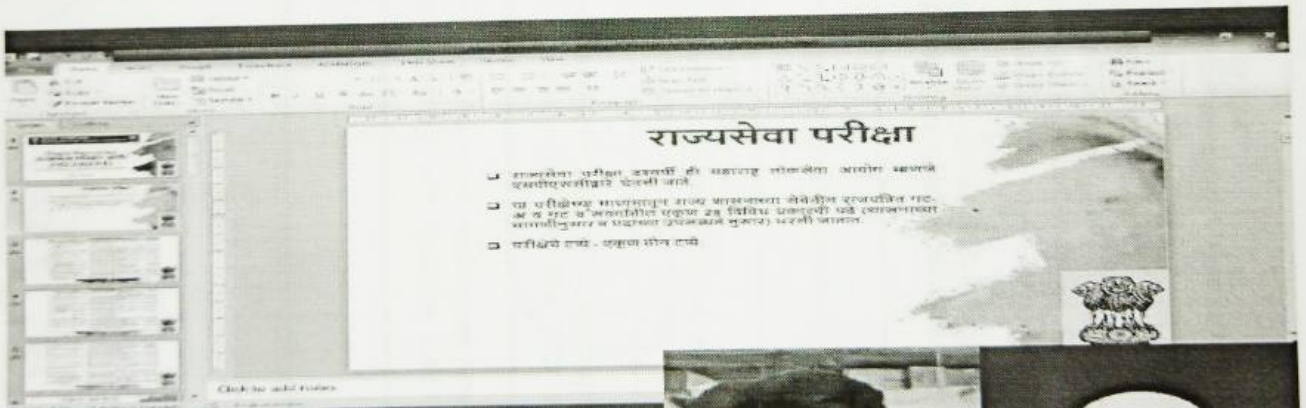

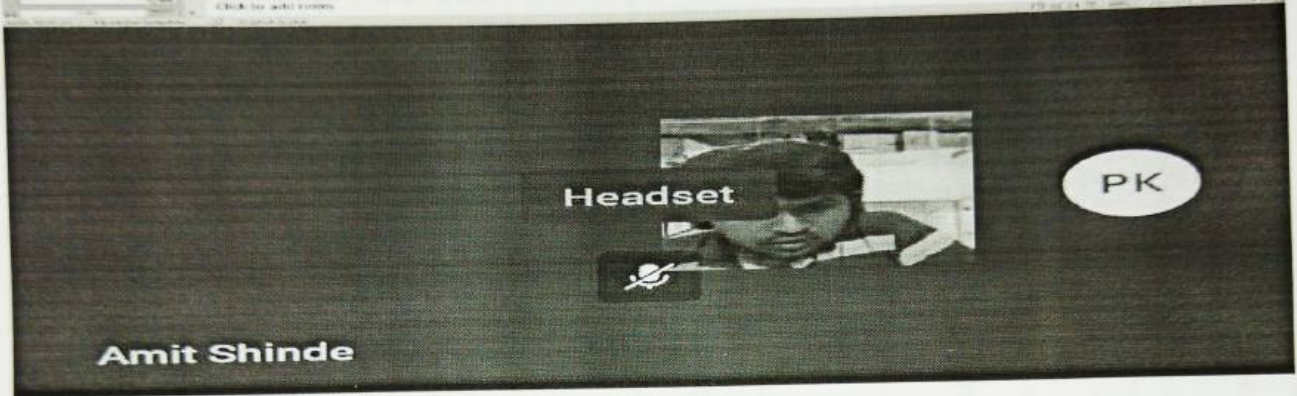

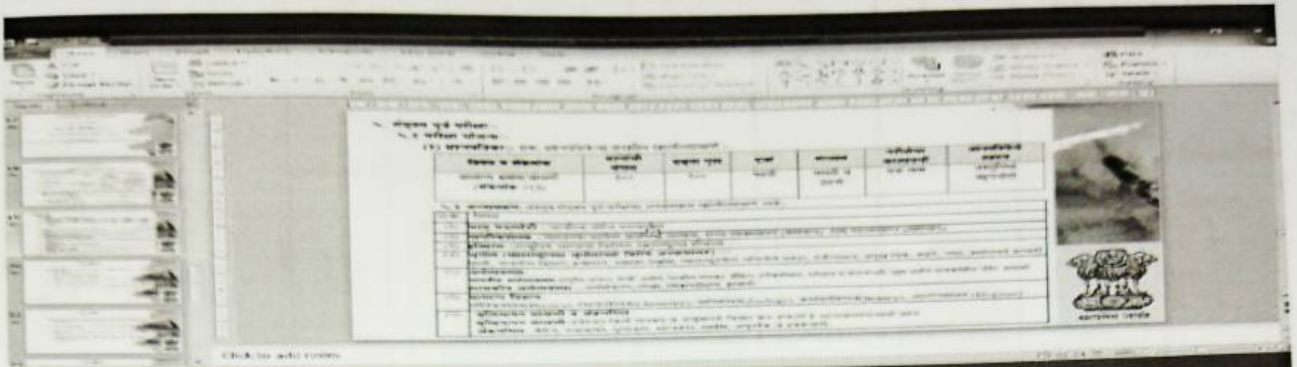

Introduction to various examinations conducted by Maharashtra Public Service Commission (MPSC)

In guest lecture, mainly focus was on two examinations conducted by MPSC every year viz. State Services Examination & Combined Group-B Examination for PSI/ASO/STI for which very large number of students sit across Maharashtra.

The various types of posts filled by these examinations, its eligibility criteria, structure and syllabus of examination were discussed in detail by speaker.

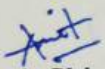

Event Photos:

We are extremely thankful to **Hon. Principal Dr. Ashok Kasnale** of D.Y. Patil, SoE, Lohegaon, Pune. We would like to specially thank to our **HoD Prof. R. N. Garad**; all staff & student coordinators' for providing a full-fledged support in all aspects during the entire expert lecture.

We thankful to **Dr. F B Sayyad (Dean Acad.)** has supported and guided us to make this lecture successful.

Name of the Event: A WEBINAR ON "OPPORTUNITIES AFTER G.A.T.E. FOR JOBS & HIGHER EDUCATION"

Date and Time	20TH OCTOBER 2020 6:00-7:00 PM
Event Venue	WEBINAR
Organized by	Mechanical Engineering Department
Targeted Audience	All Over India Aspiring Engineering Students

EVENT CONTENTS:

Department of Mechanical Engineering of DYPSOE and Mechanical Engineering Student Association arranged a webinar on "Opportunities after GATE for jobs and higher education".

The objective of the webinar was to highlight the opportunities after GATE for jobs and higher education. In the wake of pandemic and study from home culture, it became essential to give the information related to GATE examination. To deliver the webinar we had **Dr. H. G. Phakatkar** (Director Gateway Institute Pune, Ph.D., M.E., B.E. Mechanical engineer from COEP Pune)

DETAILS:-

To begin with Kaustubh Dhawale greeted everyone at the webinar and welcomed the guests. The portal was then handed to Dr. H. G. Phakatkar. He initiated by enumerating the reasons to appear for the exam. He talked about the opportunities a student can get after qualifying

the exam.

- Higher education
- Placement in PSUs
- Placement in various other industries
- To know your ranking when competing at national level

He then explained about the pattern of the exam. The type of questions with example. He also emphasized on the ideology and the intent behind every question, whether the question is testing the student's ability to recall or mindfully applying the acquired knowledge.

He also gave the required information for the exam like the changes in GATE exam pattern this year, the important dates and general instruction.

In the second half of his session he took on the detailed view of higher education and jobs. In the higher education section he talked about all the opportunities and colleges with their respective previous year cut-offs. He also explained his study of average packages a student can get after pursuing post-graduation courses.

While talking about jobs, he gave a detailed job description in all the leading PSUs recruiting through GATE and later the private sector giants who also recruit via GATE.

It was an extremely elaborate and important session for any aspiring candidate. The speakers were very motivating and helpful.

GATE 2021 NTB Press Release on July 25, 2020

Dates of examination of GATE 2021

Friday 5th Feb 2021, Saturday 6th Feb 2021, Sunday 7th Feb 2021
Friday 12th Feb 2021, Saturday 13th Feb 2021, Sunday 14th Feb 2021

Eligibility Criteria for GATE 2021

A candidate who is currently studying in 3rd or higher years of any undergraduate degree program OR has already completed any government approved degree program in Engineering / Technology / Architecture / Science / Commerce / Arts.

Maximum Two papers in GATE 2021

A candidate may appear either in ONE or TWO subject papers. For candidates who choose TWO papers, the combination must be from the approved list of combinations and subject to the availability of infrastructure and date.

Two new subject papers are being started:

ES (Environmental Science and Engg) and XH (Humanities and Social Sciences), making the total number of subject papers to 27.

Various PSUs want to hire candidates with **Humanities** background, this new exam paper in GATE will prove to be a great enabler

Prof.(Dr.) H.G.Phakatkar's screen

REC

Pattern of Questions GATE 2020

would contain questions of two different types in all the papers:

(i) **Multiple Choice Questions (MCQ)** carrying 1 or 2 marks each in all the papers and sections. These questions are objective in nature, and each will have a choice of four answers, out of which the candidate has to select (mark) the correct answer.

Negative Marking for Wrong Answers:

For a wrong answer chosen in a MCQ, there will be negative marking.

For 1-mark MCQ, 1/3 mark will be deducted for a wrong answer.

Likewise, for 2-mark MCQ, 2/3 mark will be deducted for a wrong answer

Dr. D.Y. Patil School of Engineering

Department of Computer Engineering

Academic Year 2020-21

“Tech-Buzz of IoT and Startup-Business”

Guest Lecture Report

Name of the Event: A Guest Lecture on “Tech-Buzz of IoT and Startup-Business”

Students Involved: SE to BE students of Computer Engineering Department from DYPSOE.

Date: 19/11/2020, Saturday

Venue: Microsoft Teams meeting

Report:

A guest lecture was arranged for the engagement of students towards developing their interest in the field of Internet of Things.

The speaker for this event was **Mr. Rahul Sarawale** (Software developer, Kemper System, Mumbai) and **Prof. Mahesh Patil** (Assistant Professor, Department of Electronics & Tele communication, JSPM's Imperial College Of Engineering-ICOER, Wagholi, Pune).

Over 175 students attended the webinar and the video has been posted on YouTube-
<https://youtu.be/YcPNqgmXqpU>

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker. Mr. Rahul Sarawale and Prof. Mahesh Patil gave the students detailed information about –

- a. What is IOT?
- b. Where do we apply them?
- c. What are the challenges in this industry?
- d. What is the future?
- e. How do I get started?
- f. Q&A

The students provided feedback through the Google form link provided to them by the Prof. Vishal Borate. The feedback was very positive.

The guest lecture was organized under Entrepreneurship Development Cell (EDC) and Association of Computer Engineering (ACE) under the guidance of the HOD Dr. Pankaj Agarkar.

The guest lecture was moderated by Prof. Vishal Borate (EDC Coordinator) & Prof. Pooja Shinde (ACE Coordinator).
